

TRESOR

WIND
Exclusive Design

Tresor is a luxurious collection combining characterful materials and beautiful techniques. The stylised patterns like Topaz, a delicate laser cut, Ruby, a beautiful contemporary jacquard, and Quartz, a light transparent, are combining nicely in their refined colours. Amber, a beautiful embroidery on a polyester base available in many fresh colours, is combined with Ruby, a modern all-over design. Diamond is a nice polyester roomhigh taffeta offering a beautiful colour range of 37 colours. Classic shades, such as burgundy, are subtly combined with tinted greys and modern taupes.
